

You can make a difference in the life of a child.

Finding Lasting Homes for America's Foster Children

Adoptions Northwest is a 501(c)3 non-profit established in 2018. After working in adoptions, for other agencies, for multiple years our founder was moved to open an agency focused on remaining a true charity.

Adopting a child is a big step. There is no life experience which will prepare a family for the addition of a child. We are dedicated to assisting children in finding the right family for their permanent success. We are also here to help families with advice, training, opportunity, and support.

We believe that every prospective adoptive family deserves to gather all the information necessary to make an informed decision about the different types of adoption, and which, or if, adoption is the right choice for each family.

We are happy to set up a meeting with any prospective adoptive parents. Email us here or by phone at 541-206-9074.

We look forward to working with you.
